Domestic Violence Disclosure Scheme (Claire's Law)
This scheme aims to provide a formal mechanism for you to make inquiries about your partner if you are worried that they may have been abusive in the past, or about someone else's partner on their behalf. If police checks show that the partner has a record of abusive behaviour, or there is other information to indicate that you may be at risk from your partner, the police will consider sharing this information with you or the person you are worried about. The scheme aims to help you to make a more informed decision on whether to continue a relationship and provides further help and support to assist you when making that choice. If you wish to make an application under the Scheme phone 101 (the non-emergency number for the police) and request to complete a Claire's Law application.
